

Discover Arts Award

Impressions Gallery, Centenary Square, Bradford

KS1 and KS2

Discover photography at Impressions Gallery.

We are offering schools creative workshops especially designed to meet Discover Arts Award criteria. Each session can be adapted to suit KS1 or KS2 and be tailored to the needs of your pupils. Each session also helps students' moral, social and cultural development through discussion around the exhibition, practical workshops and team work.

Discover Arts Award Part A: Discover Art Detectives

This session takes your class on an art adventure around Impressions Gallery and City Park, to investigate all the art forms around us. Using digital cameras and worksheets they will identify art forms including photography, sculpture and design to share in their logbooks. They will then have the chance to put their photography skills to the test in our portrait photography activity *My favourite art form is...*

Discover Arts Award Part B: Find Out Gallery Explorer

Gallery explorer sessions take your pupils on a journey around the gallery recording their ideas and feelings about the art work. Pupils will learn about the artist and their practice and record what they find out in a specially designed Gallery Trail which can be added to their logbooks.

Discover Arts Award Part C: Share Share Your Discoveries

This session gives your class the chance to reflect on their Arts Award experience and share what they enjoyed with others. Pupils will have the chance to appear on camera or write a newspaper article. Work by all the pupils will be shared on our special education blog dedicated to showcasing the fantastic work of children in Bradford. This session is only available to schools that have done part A and B at the gallery.
