👁️ What can you see in the Studio?

At the moment we are showing an exhibition called ***Gentleman of Bradford***, six young men from Bradford aged between 13 and 19, worked with photographer **Paul Floyd Blake** to make an exhibition that explores male **fashion and identity**.

Many of the photographs in the exhibition are *portraits*. A portrait is usually a picture of a person, that tells you something about them, maybe what they like to wear or the music they like.

✍️ Your first challenge is to design a t-shirt.

👁️ Who do you think would wear this t-shirt?
